

HEALTHY IMMUNE II[†]

AN OLIVE LEAF EXTRACT SUPPLEMENT TO SUPPORT
HEALTHY IMMUNE FUNCTION[†]

An Olive Leaf Extract supplement to support immune system function.*

Olive Leaf Extract works directly against unwanted materials by stimulating your own protective cells (phagocytes) to ingest them without suppressing the immune system or damaging the body's beneficial flora.*

Healthy Immune II[†] is standardized to yield 15% Oleuropein, the active ingredient, and is available in 500 mg tablets or capsules. **Healthy Immune II[†]** is vegetarian and yeast free.

Healthy Immune II[†], the trade name of an olive leaf extract, is one of the most useful, natural, immune supportive, herbal extracts yet discovered. Through extensive research and clinical studies, Oleuropein was found to be effective against a broad spectrum of unwanted materials.* Additionally, Oleuropein supports the immune system response and aids in detoxification.*

Olive Leaf Extract contains a natural complement of bioflavonoids from Quercetin and Rutin, which are antioxidants.

There are no known adverse effects for olive leaf extract, however, some mild discomfort may occur, such as headache, fatigue and bowel problems. These are short-lived and are a result of detoxification. **Healthy Immune II[†]** is so effective it may free up unwanted materials faster than the body can eliminate them, causing these symptoms. If these symptoms persist, reduce the daily dosage. **Healthy Immune II[†]** is considered an extremely safe product.*

Supplement Facts

Serving Size: 1 Capsule

Amount Per Serving

Olive Leaf (<i>Olea europaea</i>) Extract	500 mg
yielding Oleuropein	75 mg

Other ingredients: vegetable cellulose (capsule), microcrystalline cellulose, vegetable stearate, silicon dioxide.
