

# HEALTHY IMMUNE<sup>†</sup> DROPS

A DIETARY SUPPLEMENT TO SUPPORT  
IMMUNE SYSTEM FUNCTION<sup>†</sup>

## A Dietary Supplement to Support Immune System Function.<sup>†</sup>

### Recommended For:

- Serious immune system support<sup>†</sup>
- Supporting the activity of macrophages and T killer cells<sup>†</sup>
- Supporting the release of interleukins and cytokines which activate immune cells<sup>†</sup>
- Supporting apoptosis<sup>†</sup>
- Normalizing body functions<sup>†</sup>
- Helping the body cope with stress<sup>†</sup>

### HEALTHY IMMUNE<sup>†</sup> DROPS is a combination of two well-researched nutrients:

- Maitake PD-Fraction® & D Fraction®
- Gluconic® DMG

### About the Nutrients

- **Maitake** is a mushroom that has been used in traditional Japanese herbalism for hundreds of years. Maitake Mushroom has a high nutritional profile, enhances the immune system, helps the body cope with stress and normalizes body functions, and is rich in Beta-Glucans.<sup>†</sup>
- **Beta-Glucans** are polysaccharides that support immune system activation.<sup>†</sup>
- **Maitake PD-Fraction®** is a trademarked brand of highly purified, standardized extract of Maitake mushroom that yields 30% pure D-Fraction®.
- **D-Fraction®** has been extensively researched and is a highly concentrated source of Beta-1,6-Glucans, which has a higher ability to support macrophages, T killer cells, support release of interleukins and cytokines that activate immune cells, and support the immune system.<sup>†</sup>
- The D-Fraction® from Maitake Product Inc. is the only Maitake product that has been approved by the FDA for conducting phase 2 clinical studies (IND #54,589).<sup>†</sup>
- **Gluconic® DMG** from DaVinci® Laboratories of Vermont is a metabolic enhancer that promotes a strong immune system.<sup>†</sup>

### Research and clinical experience has shown that DMG supplementation can:

- Support oxygen utilization and thereby reduce low oxygen states in the body.<sup>†</sup>
- Support immune system function.<sup>†</sup>
- Act as an indirect methyl donor and provide useful building units for the biosynthesis of vitamins, hormones, neurotransmitters, antibodies, nucleic acids and metabolically active molecules.<sup>†</sup>
- **HEALTHY IMMUNE<sup>†</sup> DROPS** brings together two potent nutrients that can help support immune system function and help maintain optimal health.<sup>†</sup>

### Supplement Facts

Serving Size: 1 ml

#### Amount Per Serving

Maitake PD Fraction® ( <i>Grifola frondosa</i> )	
Fruit Body Extract	30 mg
Yielding: D-Fraction®	9 mg
N,N-Dimethylglycine (DMG)	450 mg

Other Ingredients: glycerin, water, rosmarinic acid.

**Warning:** If pregnant or nursing or taking blood thinning medications, do not take this product before consulting your healthcare practitioner.

**Caution:** Discontinue use 2 weeks prior to surgery.

**Suggested Use:** As a dietary supplement, take 1 ml, 6 times daily for 3 weeks. Then reduce to 1 ml, 3 times daily, or as directed by your healthcare practitioners.

Maitake PD-Fraction® and D-Fraction® are registered trademarks of Mushroom Wisdom, Inc.
